GPA: 3.97, SUMMA CUM LAUDE

## SKILLS

HTML5	Express
CSS3	Node.js
JavaScript	PostgreSQL
Python	React
Ruby	Redux
Sinatra	jQuery

## PROFILE

Hi I'm Julie. I'm a DC Hill staffer turned Web Developer. I discovered my passion for programming over a year ago and never looked back. I love organization, clean design and finding unique ways to solve problems. I'm currently enrolled in DigitalCrafts' full time immersive coding bootcamp to accelerate my development skills and am seeking job opportunities in the Greater Atlanta area.

## FEATURED PROJECTS

### LUCYMAIL E-COMMERCE SITE

MAY 2017

- Live Site: <http://lucymail.juliemdyer.com/>
- Repository: <https://github.com/juliemdyer/E-commerce-App>
- E-commerce site with React, Redux and Express. Ability to sign in and create an account, add items to shopping cart and checkout.
- Integrated the Stripe API to accept real payments.

### HUDDLEUP

APRIL 2017

- Live site: [letshuddleup.net](http://letshuddleup.net)
- Repository: <https://github.com/juliemdyer/Huddle-Up>
- Group project created using Express, Node.js, Ajax, PostgreSQL, JavaScript, jQuery, HTML and CSS.
- Site for little league coaches and parents to manage teams. All users can create an account, log in, create a team or join a team, post messages, photos and events. Coaches can send text messages to all parents of the team they coach.

### ATLANTA EATS

APRIL 2017

- Live site: <http://restaurant-reviewer.juliemdyer.com/>
- Repository: <https://github.com/juliemdyer/Restaurant-Reviewer>
- Yelp clone created using Express, Node.js, PostgreSQL, Ajax, JavaScript, jQuery, HTML, CSS
- Users can create an account, login, rate, review and favorite restaurants and add new restaurants to the database.

### MY LIBRARY

APRIL 2017

- Live site: [library.juliemdyer.com](http://library.juliemdyer.com)
- Repository: <https://github.com/juliemdyer/Library-App>
- Library app add, update, and delete book entries. Used the GoodReads API to incorporate book covers.
- Written with Ruby and Sinatra which I taught myself over a few days of "self study."

### BLACKJACK

MARCH 2017

- Live site: [julies-blackjack.bitballoon.com](http://julies-blackjack.bitballoon.com)
- Repository: [github.com/juliemdyer/Blackjack](https://github.com/juliemdyer/Blackjack)
- In-class project working in a team of two. We used HTML, CSS and jQuery along with the SweetAlert plugin for the pop ups.
- Refactored code into object oriented style and took the project further than the class assignment to add betting and double down features.

## EXPERIENCE

### DIGITALCRAFTS

STUDENT | FEB 2017 - JUNE 2017

- Sixteen week full-time immersive web development course.
- Daily procedure includes responsive site development, efficient code design, pair programming, debugging techniques and key principles such as version control and analytical thinking for problem solving.

**UNITED STATES SENATE - OFFICE OF SEN DAVID VITTER**  
ADMINISTRATIVE DIRECTOR | JAN 2012 - JAN 2017

- Managed 3.5 million dollar office budget.
- Worked with the Senate Chief Council for Employment to ensure office complied with all Employment laws.
- Provided personnel support to office, including maintenance of employee personnel files and orientation of new staff.
- Assisted staff with administrative and travel procedures, maintained and monitored employee leave schedules and time sheets and acted as Office Emergency Coordinator.
- Continued to act as Executive Assistant and carried out duties as outlined below.

EXECUTIVE ASSISTANT | JAN 2010 - JAN 2012

- Responsible for shaping the Senator's schedule in the state to maximize positive exposure to press, constituents, and policy stakeholders in Louisiana.
- Monitored issues of interest in Louisiana and politics as pertaining to short- and long-term strategic goals.
- Cultivated long-term relationships with elected officials, business leaders and civic leaders in order to coordinate appearances around the state.

STAFF ASSISTANT | JUN 2008 - AUG 2010

- Tour Coordinator for constituents traveling to Washington. Developed a new and more efficient system of organization for tour requests.
- Answered and monitored all incoming calls for the Senator and staff. Greeted visitors and coordinated appointment arrivals. Performed other administrative or legislative support duties as assigned.

### ROMNEY FOR PRESIDENT

SCHEDULER | JULY 2012 - NOV 2012

- Took a leave of absence from the Senate to work on Governor Romney's Presidential run in Boston.
- Maintained all scheduling logistics for surrogate Governors, Members of Congress and celebrities for events on behalf of Governor Romney and Congressman Ryan.
- Worked closely with Political, Communications and Finance departments in fulfilling their desired requests for Surrogates.
